VIRGINIA GAZETTE.

With the lateſt Advices, Foreign and Domeſtick.

LONDON, *July 7.*

E hear that the Counteſs of Bute will ſoon be created a Dutcheſs.

We hear that an order will ſoon be iſſued from the War Office for a muſter and return of all his Majeſty's forces in the ſeveral garriſons of Great Britain.

A great number of Jeſuits have been lately ſeen in different parts of the town, by a Gentleman who knew them abroad.

JULY 8. A tradeſman in the Strand has undertaken, for a wager of ten guineas, to ſwim from Weſtminſter bridge to Chelſea ferry in a pair of jack boots, and his legs tied together about the ancles.

On Monday laſt a man and his wife, in the pariſh of St. Martin in the Fields, having ſome words together, the huſband gave her ſixpence, aud adviſed her to purchaſe ſome arſenick and poiſon herſelf; the woman, from a falſe ſpirit of reſentment, put her huſband's injunction into execution, and expired ſoon after in great agony.

JULY 11. We are told that for the future no Juſtice of Peace will be appointed who has not a landed eſtate of 500l. a year, the neceſſities of many little people in the commiſſion having been found extremely injurious to the publick.

We hear that moſt of the Royal foreſts in England are to be ſurveyed this ſummer, in order to their being laid out into farms.

They write from Gibraltar that ſeveral tranſports laden with ammunition, naval and military ſtores, continue to arrive there from Holland, &c. bound to Corſica.

On Thurſday night four men, ſaid to be Jeſuits, were taken into cuſtody, in Oxford road, by virtue of a ſpecial warrant.

JULY 14. We hear from Cowes and Newport that the farmers in the Iſle of Wight have got in all their hay, and had the proſpect of exceeding plentiful crops of wheat.

It is ſaid that no leſs than 450,000l. were remitted into this kingdom on account of corn exported to France, Spain, and Portugal, in the years 1764 and 1766.

His Excellency the Count de Guerchy ſets out on Friday next. This Nobleman departs eſteemed by the Nobility, beloved by the publick, and regretted by the tradeſmen who furniſhed his family with the numerous articles his hoſpitality and taſte for magnificence daily engaged him to call for.

Yeſterday General Keppel, with ſeveral other field officers, ſet out for Dover, to embark for France, to be preſent at a review, next week, of a grand body of the French King's troops.

JULY 16. Letters from the frontiers of Spain take notice of ſome marks of diſcontent in that kingdom, at what has lately happened with regard to the Jeſuits. The Governours, Commandants, &c. are ordered, it ſeems, to have a watchful eye, in their reſpective departments, over the publick tranquillity; to prevent any tumultuous aſſemblies; and to arreſt all ſuch perſons who ſhall diſcover, either by words or actions, any diſapprobation of his Majeſty's meaſures. And further, that in order to be prepared againſt all ſurpriſe, as there are not above 80,000 regular troops and 25,000 militia in the kingdom, his Catholick Majeſty has intreated the King of France to re-enforce his troops in the garriſons neareſt to Spain, that they may be ready to aſſiſt the Spaniſh troops, in caſe there ſhould be any occaſion to ſtifle the ſpirit of ſedition.

Letters from Madrid adviſe that many perſons, who were known to be cloſely connected with the Jeſuits, have been lately arreſted there.

On the 10th of June died, at a village near Air, in Scotland, Peter Stuart, aged 103 years.

JULY 17. Yeſterday morning ſeveral tuns of halfpence were ſhipped at the Tower, for the uſe of the manufacturing towns in Scotland.

We hear that a plan has been laid before the Government which has for its object the ſending to Eaſt Florida felons of either ſex convicted for tranſportation, white ſervants being much wanted in that ſettlement.

We hear a Nobleman at the Court end of the town has loſt a bet of two thouſand guineas on the late deciſion of the Douglas cauſe.

This morning an experiment of a new machine, for the preſervation of lives at fires, was put in practice from the two pair of ſtairs window at the Fountain tavern, Ludgate Hill, amidſt a numerous company of ſpectators. A large hempen ſack, or bag, capable of holding two grown perſons, or four children, is faſtened tight to a ſtrong rope, the bottom of which was fixed to a poſt on the oppoſite ſide of the way, and the top to a pulley, at the upper end of the window; when, by means of another rope, about 30 ſeveral perſons were let down into the ſtreet, without running the leaſt hazard, in leſs than five minutes, the moment the perſons are taken out the ſack being drawn up again inſtantly.

All that is ſaid to be ſettled of the new Miniſtry, at the weſt end of the town, is that the formation of it is to be left to Lord Egmont and the Right Hon. George Grenville.

Wedneſday arrived in town, from his ſeat in Bedfordſhire, the Right Hon. the Earl of Bute.

Sir Archibald Grant, Bart. of Monymuſk, we hear, has got a grant of ſeveral thouſand acres of land in the Floridas, and is ſending over a ſurveyor and ſervants to improve the ſame.

It is ſaid above two millions value of teas are now in the ſtorehouſes of the Eaſt India Company. A very extravagant ſum for the luxury of the times.

The greateſt number of turtle have arrived, and are expected to arrive this ſeaſon from Jamaica, for the uſe of the citizens of London, known for ſome years paſt; but, it is ſaid, the leaſt remittances.

The Miniſtry are not yet fixed, neither can the great ones tell how to form an Adminiſtration, there being ſo many intereſts to ſerve, each claiming poſts and preferments for ſelf and family; in fact, the Miniſtry are now become a rope of ſand. In what a ſituation muſt poor Old England be looked on in other Courts!

We hear that Lord Chatham has wrote to a great perſonage to requeſt leave to reſign.

All the projecting towers of St. James's palace next the Park are taken down, and made on a line with the reſt of the building, which gives room to imagine that a new front is to be made very ſoon.

His Royal Highneſs the Duke of Glouceſter has made a battery of 21 pieces of ſmall braſs ordnance at his lodge at Hampton Court park, to ſalute their Majeſties, or any great perſonages, on their landing at the ſaid place.

Mr. Roſs is gone to Edinburgh to negotiate the purchaſe of the play-houſe there, which is now a Theatre Royal, by virtue of an act of Parliament paſſed the laſt ſeſſions.

Extract of a letter from Weſt Stoke, *in* Suſſex, *July 8.*

"Inoculation goes on with ſucceſs in this part of the county. Lord George Lenox has had all the poor of his pariſh inoculated, and maintained at his own expenſe, in a houſe he gave for that purpoſe. They came out this day, and were all new clothed by his Lordſhip's munificence. So noble a charity is worthy imitation."

JULY 18. We hear from Glouceſterſhire, Worceſterſhire, Hertfordſhire, and Staffordſhire, that they have plenty of fine crops of corn.

By letters received yeſterday from a certain town in Staffordſhire, we are informed that a Popiſh chapel has lately been opened there, where two prieſts publickly perform Maſs every day; a large houſe has been hired within a mile and a half of the ſaid town, where an academy is formed, and never leſs than 200 lads at a time are educated in the principles of Popery.

Yeſterday a woman, who had lately been houſekeeper to a tradeſman in Barnaby ſtreet, went to her ſaid maſter's ſhop, who invited her to go into his chamber up ſtairs, where he gave her a glaſs of brandy, and then took out a claſp knife and ſtabbed her in ſeveral parts of the body, after which he made his eſcape. The poor woman, who is ſuppoſed to be with child, was ſent to Guy's hoſpital, with no hope of recovery.

We hear that one of our Eaſt India ſhips, lately arrived, fell in with a pirate ſhip in the Chineſe ſea, the commander of which was an Engliſhman; he was manned with blacks, and was cruiſing againſt the Dutch.

There has been lately cut in one of his Lordſhip's new ſtoves in ſaid garden a fine pine apple that meaſured 17 inches round and 15 inches long, 200 being yet to cut in ſaid place nothing inferiour to the above.

GALWAY, JUNE 18. Laſt Sunday, at the wake or funeral of a woman at Spiddle, a few miles weſt of this town, the neighbours who attended were ſo well ſupplied with whiſky, and ſome of them took it ſo plentifully to heart, that one man died that night, another was found dead in a ſandpit, three others, who it is preſumed ſhared the like unfortunate fate, are yet miſſing, and many of thoſe even of whoſe recovery there are ſome hopes are ſtill in a languiſhing way.

JUNE 19. At ſeven o'clock this afternoon the King's ſloop brought in a ſmuggling ſloop with tobacco, tea, geneva, ſilk, cambricks, and ſilk ſtockings, valued at 4000l. She was taken at Strongman bay, at two o'clock this morning.

BOSTON, *September 10.*

Tueſday morning laſt, between 3 and 4 o'clock, a fire broke out in a joiner's ſhop at the north part of the town, which conſumed the ſhop, as alſo a whiteſmith's and a tallow chandler's adjoining. The cupola of the new brick meeting houſe catched fire in ſeveral places, but by the dexterity of the inhabitants, and it providentially being calm weather, that edifice, and the houſes in the neighbourhood, which conſiſted of many wooden buildings, were preſerved from deſtruction.

SEPT. 14. We hear from Milton that on the morning of the 6th inſtant the wife of Mr. Edward Park, of that town, was ſafely delivered of three fine daughters, who are all likely to do well. Theſe were their firſt children, having only been married between 8 and 9 months.

NEW YORK, *Sept. 17.*

Mondaylaſt a ſchooner belonging to Norwalk in Connecticut, one Hind maſter, bound up the North river, in attempting to come through Hell Gate, ſtruck upon the rocks there, where the veſſel ſtill lies in a bad condition, and it is feared will be loſt; but ſome paſſengers, with the people, got ſafe aſhore.

Yeſterday came in from ſea, after having been out about three weeks, the ſnow Margaret, Capt. Morgat, of this place. She was bound for Monte Chriſto, and it is ſaid had a French Captain on board, with ſome French mariners, deſigned for Hiſpaniola; and that the French Captain having attempted to deſtroy Captain Morgat, and take the veſſel from him, he had got him ſecured, and thought it beſt to put back again. We hear the aggreſſor is ſince put on board his Majeſty's ſhip Coventry, now lying in the North river.

Captain Newton, from New Providence, adviſes that many of the Bahama fiſhermen continue to work upon the Spaniſh ſhip that was wrecked on one of their keys ſome time ago; and that every now and then they come acroſs ſome treaſure, which keeps up their ſpirits, and pays them well for their labour.

PHILADELPHIA, *Sept. 24.*

Captain Rodgers, from the Bay of Honduras, informs that on the 25th of July, in the night, the houſe of Captain Naiſmith was beſet by a party of Indians, who killed one of his Negroes, but were beat off before morning, when there were found 26 arrows round about the houſe. The 4th of Auguſt he had a gale of wind, in which the ſchooner ——, Captain Taylor, of and bound to Jamaica from the Bay, being very leaky, foundered near Rattan iſland, when all the people periſhed, though a ſloop was then ſo nigh that they could hear them hallo, and ſee them throw firebrands overboard, before ſhe went down, yet the wind blew ſo hard that ſhe could afford them no aſſiſtance.

Sunday laſt the brig Lovely Laſs, Captain Powell, arrived here from Jamaica, who brought in with him four people, late belonging to the brig Sally, Captain Tabary, of this port, bound to Hiſpaniola; which veſſel on the 8th of Auguſt, in lat. 25, as ſhe was lying to, under her reefed mainſtayſail, was unfortunately overſet, when the Captain, his mate, and three of the hands, were drowned. The remainder of the people, ſix in number, got on the bottom of the veſſel, when after ſome days one of them grew delirious and died; the reſt remained on the wreck, ſuffering moſt ſurpriſing hardſhips, until the firſt of September, when they were happily taken up by Captain Niles of the brig Norwich Packet, bound from Turk Iſland for New London, who behaved very kindly and humanely to them; and on the 9th inſtant, in lat. 36 : 29, lon. 72, meeting with Captain Powell, put four of them on board him; the other, named William Hammond, being ſo ill, he could not be removed. On the 16th ult. off the eaſt end of Jamaica, Captain Powell ſpoke a brig from Virginia, bound to that iſland, out 20 days.

THE subscriber being considerably indebted to the Treasury, and finding it impossible to make payment thereof in time without disposing of part of his estate, and knowing, from the great scarcity of cash, that it is impossible to sell in the usual way for the real value of his effects, therefore proposes the following scheme of a lottery for that purpose; and humbly hopes for the countenance and encouragement of the publick, as it is designed with no other view than to discharge a debt which he brought on himself by no other means than indulging too many people in the office of sheriff, which can be well attested by the Gentlemen of the county of *Hanover*.

THOMAS MOORE.

KING WILLIAM, *August* 25, 1767.

FREDERICKSBURG, *August* 25, 1767.

AFTER nine years experience, I am convinced a *Virginia* eſtate interferes too much with my profeſſion to admit of attendance enough, without doing injuſtice to thoſe who depend on the latter; and without due attention to the firſt, its loſſes will very much abridge the profits of the laſt. Fortheſe reaſons I intend to ſell the following LANDS and SLAVES, at the times and on the terms hereafter mentioned, viz.

4875 acres of land, being part of 6500 contained in one tract on *Sheaundo* river, in the county of *Frederick*, in *Virginia*. It is ſufficient to recommend this land to ſay that it contains more than a moderate proportion of low ground. The ſale to be on the premiſes the firſt day of *December* next, if fair, otherwiſe next fair day, before when it will be laid off in lots for the convenience of the buyers. One half of the purchaſe money to be paid by the 10th of *April* next, the other half by the 10th of *March* 1769. Any perſon inclinable to view the land may be ſhown it by Mr. *Edward Snigars*, who lives adjoining. Five per cent. diſcount for ready money will be allowed on the firſt payment, and twelve and a half per cent. on the ſecond.

Alſo to be ſold, at private ſale, one other tract on *Four Mile* run, about 5 miles from the town of *Alexandria*, in the county of *Fairfax*, containing 1166 acres; part is very good, and part mean; but as it is level, it is capable of being improved to advantage. There are ſeveral acres very fit for meadow, and a ſtream within it which is very conſtant, and ſufficient even for a tub mill.

Alſo one other tract on *Pohick* run, containing 1059 acres, about 5 miles from the town of *Colcheſter*, in the ſaid county of *Fairfax*. I never ſaw this land, ſo cannot vouch for its quality, but I preſume it is like the neighbouring lands which are occupied; and, as there are two tenants on this, I ſuppoſe they think it is worth ſeating. The tenants are at will, ſo no encumbrance.

Likewiſe to be ſold, at publick ſale, on the 16th of next *December*, at my mill plantation on *Little* river, in the county of *Loudoun*, two miles from Captain *William Weſt*'s ordinary, 40 SLAVES, 28 workers, the reſt ſizable children; they are likely ſlaves, and the young ones remarkably ſo, having been well fed and clothed from their birth. Alſo all the ſtocks of horſes, black cattle, hogs, and ſheep; corn, wheat, rye, oats, hay, and fodder (of which there will be a large quantity) and all the plantation utenſils belonging to two quarters. The black cattle are remarkably fine, ſome of the horſes are blooded, and a great number of the hogs will then be fattened for pork. The ſlaves will be ſold on the ſame terms with the *Frederick* lands, and the ſtocks, &c. for three months credit only, with a diſ[illegible] of two and a half per cent. for ready money.

A[illegible]me time will be let, for lives or years, the ſaid mill plant[illegible], with 400 or more acres of land adjoining (to include 352 acres lately purchaſed of Mr. *Craven Peyton*) whereon are many valuable improvements; among which is a very conſtant and well accuſtomed tub mill, with a bolt to go by water, and floors, convenient for merchant work. It is ſo well ſituated as to have earned 120 barrels of *Indian* corn a year, beſides a large quantity of wheat and rye. Alſo a double pitched framed barn, with three floors for ſtoring threſhed grain, well ſhingled, and underpinned with ſtone, and is about three years old. Likewiſe a large framed [illegible]ſe, lately built by Mr. *Peyton* for his dwelling houſe; it is not finiſhed, but is well ſhingled, and weather-boarded with feather-edge plank, and has a good cellar walled with ſtone. There is now on this plantation about 30 acres of meadow, well ſet with timothy, and 150 more may be made with very little expenſe. But it is to be obſerved that, as a tract to which this propoſed tenement adjoins is thought to contain a great quantity of iron ore, if a furnace or other works ſhould be built thereon, then the leaſe for this tenement to determine on the firſt day of *November* next, after the workmen or labourers ſhall begin to erect the works, or dig the ore.

Alſo for ſale the ſaid adjoining tract, together with the tenement laſt mentioned; the whole containing 17,200 acres, on eaſy terms, and very long credit for greateſt part of the money. It is thought to be very fit for iron works, and to contain an inexhauſtible quantity of iron ore, and wood and water enough for two furnaces, and ſeveral ſingle forges. There are two ſtreams within this tract; the one about 5 miles below the other, is always the ſame, and is fed by a ſpring which riſes at the top of a mountain, about half a mile from where the furnace would be fixed. It is more than ſufficient for a furnace and merchant mill. The upper ſtream is called *Little* river, and for nine months in the year would ſupply four tub mills. I ſpeak of dry years, for until lately it never failed ſupplying my tub mill, which conſumes a prodigious quantity of water; and, at the drieſt ſeaſon, this mill grinds about two hours every morning. The ſtream is ſo land locked that it is the opinion of an iron maſter, who accompanied me to the place in *July* 1765 (a dry year) that it will ſupport ſeveral ſingle forges very near each other; and with reſervoirs, which may be made with very little expenſe, it might be made perpetual. At the time he attended me the ſeaſon had been very dry for a conſiderable time, and my overſeer informed us that the water was nearly at the loweſt; and then, from an experiment, we found the fountain yielded as much as could be diſcharged through a trough 24 inches ſquare. Many thouſand acres of this land are extremely fine, and the whole well covered with wood, and affords an excellent range for ſtock. Its ſituation is very good as to inland trade for iron, and the land carriage is 45 miles to *Alexandria*, 32 to *Colcheſter*, and 36 to the town of *Dumfries*, on *Quantico* creek; the lower ſtream is 5 miles nearer to *Colcheſter* and *Dumfries*, to which the roads are equal to the beſt natural road in *America*, and the neighbourhood is well ſettled with *Pennſylvania* and *Jerſey* farmers. I have neither time nor ſkill to make ſuch aſſays as are neceſſary to diſcover the quantity or quality of the ore, but if any perſons incline to make experiments they are at full liberty to do ſo, and my overſeer, now on the premiſes, will ſhow all the bloſſoms on the land; and if ſuch perſons become purchaſers or partners, they ſhall be amply allowed for their ſkill and labour in ſuch inquiries.

An unexceptionable title will be made, with general warranty, and bond and ſecurity will be expected of the purchaſers. Beſides, the lands will not be conveyed until the purchaſe money is paid; and, as a collateral ſecurity, I ſhall inſiſt on a bill of ſale for the ſlaves.

A VERY valuable TRACT of LAND, containing about 300 acres, lying in GLOUCESTER county, *Ware* neck, on *North* river, and almoſt ſurrounded by a creek, ſo that it will take but little fencing to enclote the whole. There is on it a very good dwelling houſe, 45 by 20, underpinned, and gable ends of brick, with two rooms on a floor, and a large paſſage; likewiſe a kitchen, quarter, dairy, meat-houſe, a good new barn 40 by 20, and ſeveral other convenient houſes, a variety of fruit trees, and as pleaſant a ſituation, and as plentiful a place for fiſh and oyſters, as any in the colony. A SCHEME,

For diſpoſing of, by way of LOTTERY, *the* LAND *and* TENEMENTS *under mentioned, being the entire towns of* Rocky Ridge *and* Shockoe, *lying at the Falls of* James *river, and the land thereunto adjoining.*

THE advantageous ſituation of this eſtate is too well known to require a particular deſcription, though it may be neceſſary to inform the publick that the obſtructions through the Falls, and in other parts of the river above, will ſhortly be removed, and the river made navigable to the ſaid towns: The navigation will thereby be extended, and made both ſafe and eaſy for upwards of two hundred miles above the ſaid Falls, and a communication opened to the weſtern frontier of the middle colonies, whereby there will not be more than ſixty or ſeventy miles portage from *James* river to the *Ohio*; ſo that the immenſe treaſure of that valuable country muſt neceſſarily be brought to market to one or other of the aboveſaid towns, which will occaſionally raiſe the rents, and enhance the value, of the lands and tenements under mentioned, beyond the powers of conception.
